

EYFS Curriculum Overview

Autumn Term

Welcome to the first term of our new academic year!

Here in Early Years we begin with an overarching theme called 'Let's celebrate!' Within this we have two main topics which will inspire our learning and environments – All About Me in Autumn 1 and All Around Me in Autumn 2.

MATHS

In maths lessons the children will build on their knowledge and develop their subitising and counting skills. F2 will explore the composition of numbers within 5. They will begin to compare sets of objects and use the language of comparison. Within our continuous provision there will be lots of opportunities to practise skills.

EXPRESSIVE ART & DESIGN

The bright colours and seasonal changes of the Autumn term will help us inspire the children's creativity. We will use the nature around us to make natural art, and the artist Wassily Kandinsky will inspire some of our painting projects.

LITERACY

Daily storytimes will cover a wide variety of books, with a focus on family, friends, homes, feelings and teamwork. Our special focus books will hone in on developing understanding and extending vocabulary. F2 will have daily phonics to distinguish sounds and learn the grapheme to phoneme correspondence of all single letters. Finally, we will begin to practise correct letter formation of the sounds.

UNDERSTANDING OF THE WORLD

Our topics really drive this area of learning – in All About Me we focus on self (including body parts and senses), and family & homes (with an opportunity to think about the past and present); in All Around Me we will look further out - to our different communities to explore places, events and celebrations.

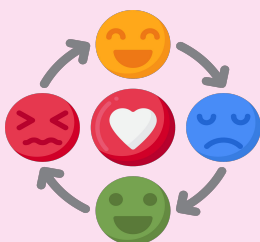

EYFS Curriculum Overview

Autumn Term

PERSONAL, SOCIAL AND EMOTIONAL DEVELOPMENT

At the beginning of the academic year it is incredibly important to allow the children time to settle in and get to know each, alongside learning the routines and expectations of school. We will support them with encouragement, kindness and care to build their self-confidence and independence for the year ahead.

DATES FOR YOUR DIARY

Come and play 2-3pm

- FS2 Butterflies 9/10 (Miss Brunning)
- FS2 Ladybirds 16/10 (Miss. Martin)

Oral Health Talk date tbc

School disco 22/10 3-3.45pm

Panto and Party tbc

Christmas Craft afternoon

- LCs (inc. singalong) 23/11
- FS1 27/11
- FS2 4/12

Nativity Performance

- FS1 1/12
- FS2 14/12

COMMUNICATION AND LANGUAGE

All areas of our environment are set up to encourage and support children's speaking, listening and attention skills. The 'Reading Nook' will always contain a selection of familiar books and those which align with our topics and the seasons. The focus songs this term are:

- Head, shoulders, knees & toes
- If you're happy and you know it
- Hello song
- 5 currant buns
- 5 little men in...

PHYSICAL DEVELOPMENT

This area includes fine and gross motor control and self-care independence, as well traditional PE lessons (delivered by a Hull FC coach alongside the class teacher every Thursday). During this term we will focus on building up core strength and finger dexterity. Please help us by teaching your child to independently change their shoes, and put on + zip or button coats, thank you 😊
